Specification Data Sheet

48hr Water-Resistant 8mm & 12mm Laminate Click flooring for floating install only

These laminate flooring delivers amazing realism with decor visuals so natural you would think you were looking at a natural timber plank. Using the latest digital imaging technology, a stunning range has been created that showcases popular Australian Timber species along with Oak & Hickory decors. Featuring a 48hr moisture protected treatment for the micro bevel edges with up to 30 pattern repeats, these planks deliver all the natural charm & character you would expect from a natural timber floor. They also feature a 48hr independently tested Water-Resistant core providing ultimate peace of mind for when little accidents occur.

AC4 rated, making it tough enough for everyday living and ideally suited for the wear and tear associated with modern family environments. Dimensionally stable, exceptionally durable and offers great visual appeal for residential decors, and commercial fit-outs.
