

Herringbone Hybrid flooring

Herringbone Hybrid Series Warranty

These warranties, which begin from the date of purchase, apply to products used in dry residential applications.

Installation is installed in strict accordance with current written installation instructions.

Non-Assignment the warranty is limited to the original purchaser and may not be assigned or transferred.

Herringbone Hybrid flooring installation instructions must be followed strictly when installing your floors.

IMPORTANT: The floorboards must be inspected prior to use and any planks deemed not fit for service, **SHOULD NOT** be installed and will not be covered by warranty provisions.

20 years Domestic Warranty & 5 Year Commercial Warranty

Herringbone Hybrid flooring provides for 20 years Residential Warranty and 5 Year Limited Commercial Wear Warranty. From the date of purchase, the manufacturer warrants to the original purchaser only, that under normal domestic conditions of use, the surface will not wear through during the period warranted. With proper maintenance, the goods will perform under normal household conditions. Scratches, dents, reduction of gloss (appearance reduction), damage caused by negligence, urine, animals, or high-heeled shoes are not considered as a defect and therefore are not covered by this warranty.

All furniture requires felt to be adhered to the underneath to protect the surface of your floor. From time to time this will need to be maintained and checked for wear.

PLEASE NOTE: All warranty claims must be

lodged by contacting the retailer from the where the flooring was purchased within 30 days of the problem being noticed along with proof of purchase (date), identity of the wholesaler or retailer, and the location of installation.

All assessment and final approval for replacement or rectification work that may need to occur for faulty planks or floor installation must be formally inspected and approved by the supplier prior to any repair activities.

Acceptable Quality and User Guidelines

Herringbone Hybrid flooring is designed for use in internal environments including floors, walls, etc, and **SHOULD NOT** be used externally. Furthermore, Herringbone Hybrid flooring should not be directly adhered to a subfloor and **MUST BE INSTALLED** as a floating floor.

Herringbone Hybrid flooring must be installed in a "hybrid flooring friendly environment" in which the area is occupied and protected from direct heat and sunlight. If not protected, the product could expand and contract abnormally, sliding doors and/ or windows therefore need to be covered by blinds or curtains. Heating and cooling systems must be in place and used to control the internal temperatures. **KEEP THE ENVIRONMENT TEMPERATURE BETWEEN °0C - °35C.**

Subfloor Heating

Elite Wooden Floors does extend its Structural Warranty and Wear Warranty to flooring installed on heated subfloors, however all instructions in the installation instructions document must be followed.

Major Failure

Herringbone Hybrid flooring is highly resistant to chips, scratches, stains, and wear, but is still not "proof" in any

Herringbone Hybrid flooring

respects (i.e., scratch proof).

Slight colour variation from batch to batch may occur, minor gaps between the joins of each board might be caused by temperature change. Please note these minor gaps, batch colour variation, chips, scratches are not considered as major failure. Once floor has been installed, it is considered that the product has been accepted by the installer/contractor.
