A680 Blackbutt

A681 Rustic Blackbutt

A686 Blue Gum

A683 Brush Box

A684 Ironbark

A682 Spotted Gum

## Emphasising Australia's much loved classic species, Blackbutt, Blue Gum, Brush Box, Ironbark, & Spotted Gum.

Australian Hardwood provides that organic, natural, warm feeling. The pre-finished range features a square edge profile and an ultra matt finish, to achieve a floor that's earthy and effortless. Manufactured using a low shrinkage and eco-friendly Hevea as the core material and a tough Australian hardwood lamella for the wear layer, produces a product that's consistent in quality and structural stability. Australian Hardwood construction also incorporates a licensed Välinge click system, using a single action installation method, which saves time and ensures you can enjoy your new floor instantly.

Utilising the latest in environmentally friendly UV coatings, our 6 coat system delivers a floor finish similar to a stylish oiled floor but with the durability and protection a UV lacquer offers. Australian engineered flooring provides a practical yet stylish option suited for day-to-day use in most applications. Also available, in addition the Australian range offers Rustic Blackbutt. A full featured floor with prominent gum veins, gum pockets, trails, burls and borer holes. The feature does not interfere with the structural integrity of the floor, but offers a glimpse of the intense life in the Australian Bush; drought, ambrosia attack and fierce wildfires are just some of the elements a tree needs to endure to produce these beautiful and interesting features. An impressive choice, adding value and character to any interior.

**Its superior kiln drying process help to minimise lamella movement, preventing potential stability issues like twisting, cupping and checking.**
