Maple Horizon

## AB Grade delivers a stunning visual experience

Our Hardwood Collection is crafted from two exceptional Northern Hemisphere temperate hardwoods: American Red Oak and White Ash from Central Asia. Renowned for their natural beauty and outstanding performance, these hardwoods are widely used across Europe and North America.

To complement their distinct grain patterns, we have carefully curated 12 stunning colors that enhance their unique characteristics. Our engineered planks feature a high-spec AB grade, ensuring a premium visual appeal that highlights the elegance of these majestic species.
